## Placement Process

The Institute helps each student in exploring placement opportunities by inviting various Companies for campus recruitment of students who are in the final year of the program.

The final placements at the Institute are a result of very systematic interaction with the industry and continuous career counselling of the students. Right from the beginning of the program, students are continuously counselled about his/her career aspirations and options, which in turn is vigorously followed up with the potential companies for participating in the placement program of the institute. This not only helps the students getting their 'Dream' jobs but also assists the visiting placement companies in identifying the 'Right' candidate for their organization. However, the placement will be governed by Placement guidelines.

## Planning for Placement

The placement activity is primarily managed by the Placement Committee headed by the Director of the Institute as Chairperson with the help of senior and other committee members which includes faculties and students from various departments.

### The Board activities undertaken by the Placement Cell are:

Formation of Students' Placement Committee for final placement and also for getting industrial training and industry-linked project work for students.

- Preparation of Placement Brochure for final placement
- Pre-placement visits (PPV) to the companies.
- Communication, networking and relationship building with the potential recruiters
- Invitation to potential recruiters to visit the Institute
- Continuation of placement activities after the stipulated period, till all the students are placed.
- Grooming and training of the candidates for the placements so that their chances of selection increase.
- General follow-up, joining formalities and other administrative activities.
