

KALKA PUBLIC SCHOOL
English Revision Worksheet

CLASS-III

SECTION A (READING)

Q1) Read the comprehension and answer the following questions:-

Water is essential for the existence of all living things. All plants , animals and human beings need water to survive. We cannot live without water. More than 70 percent of the Earth’s surface is covered with oceans, rivers, seas, lakes, ponds and wells. Water is found in the form of ice on high mountains, glaciers and also at the poles. And water is also found as water vapour in the atmosphere.

We also get water from rain but we cannot drink water of the oceans and seas because it is salty. We use water of the rivers, lakes, ponds and wells. We use water for drinking , making food and washing clothes. The water that we use for drinking should be pure otherwise, we will fall sick. There is scarcity of water so we should not waste water.
