MAY 2024
CLASS 2

Under the able guidance of Dr. Onika Mehrotra, Kalka Public School is a happy, friendly and warm place where wide range of learning opportunities exist. We at KPS aim to provide a safe, yet challenging environment where children are motivated and inspired to learn new things through various activities such as group singing, group dancing, enactment, stage exposure, fun-filled activities, clay moulding, craft and play so that children can explore the world and develop physical, emotional and intellectual skills.

ADVENTURE CAMP

Summer camps enable children to develop confidence, independence, social skills, leadership skills and physical fitness. It also helps children develop coping skills and stress management techniques. Summer camp was organised at our school wherein different indoor and outdoor activities were conducted eg. zipline, pool party, Samba, Zumba, Yoga, Burma Bridge etc. Students enjoyed a lot during the camp.

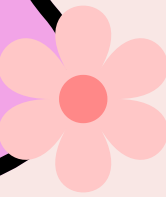

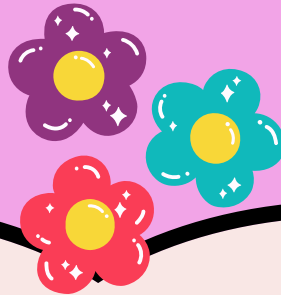

MOTHER'S DAY

The purpose of Mother's Day is to express love, appreciation and gratitude towards mothers and mother figures for their unconditional love, support and sacrifices. An activity was conducted in the class where students of class II made a purse with colorful sheet to express their love, affection and gratitude towards their mothers.

ONLINE CLASSES

Online classes are beneficial to continue our education despite various barriers. During the scorching heat of summer we could provide the recreational education to our students in the cosy ambience of their home.

SUSTAINABILITY

mat making using waste papers

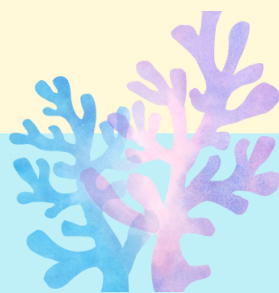

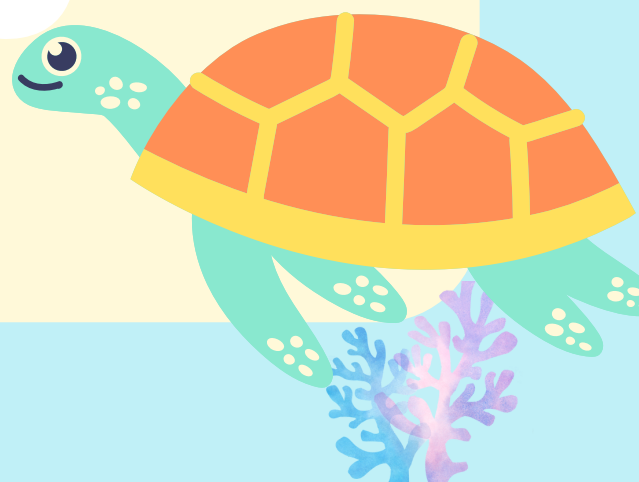

Sustainability is important for preserving our planet and natural resources .

Students of Class-2 did a sustainable activity by using waste papers for making a table mat for themselves. Have a look-

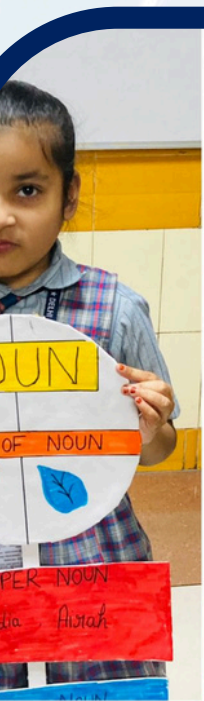

SCHOLASTIC ACTIVITIES

ENGLISH

Noun

The ability to identify common and proper nouns enhances students' reading comprehension. "Learning by doing" is the best way to learn any concept in a better way. The students of class-2 did a hands on activities on this topic, let's have a glance-

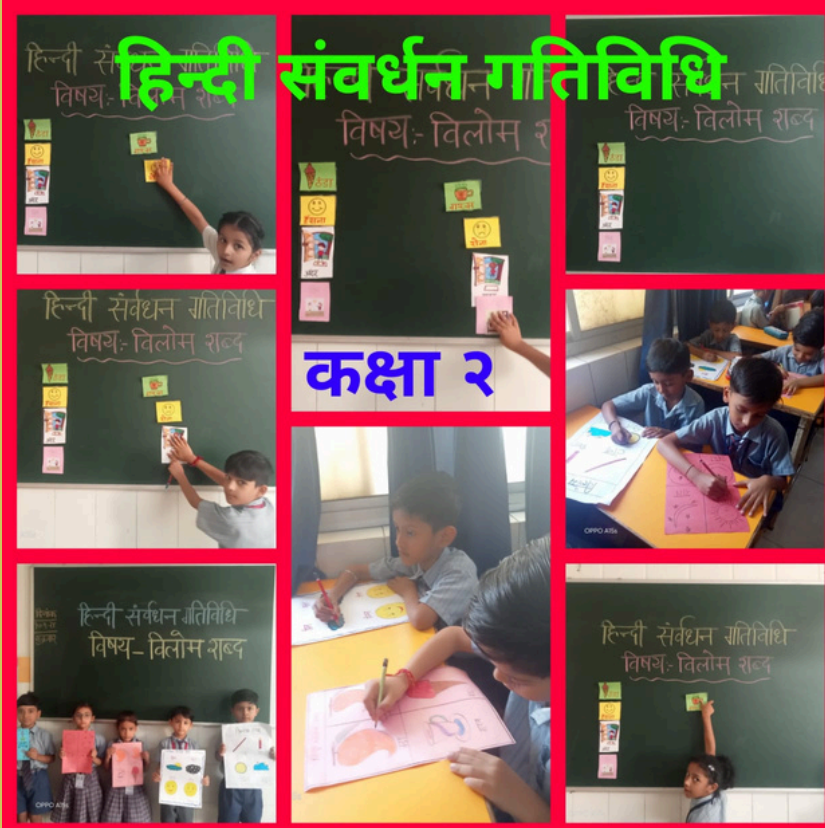

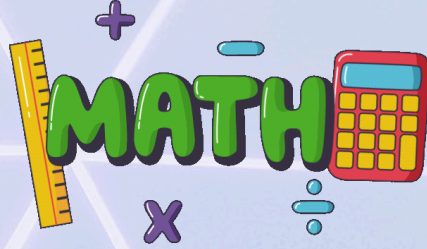

हिंदी

विलोम शब्द

उद्देश्य* – विलोम शब्दों का उद्देश्य भाषा और संवाद को अधिक प्रभावी और सटीक बनाना है।

विलोम शब्द भाषा में विविधता लाते हैं, जिससे लेखन और बोलचाल अधिक रोचक और जीवंत बनती है। इससे भाषा की समृद्धि बढ़ती है। विलोम शब्दों का ज्ञान और उपयोग भाषा शिक्षण और अधिगम में सहायक होता है। यह छात्रों को शब्दावली का विस्तार करने और बेहतर भाषा कौशल विकसित करने में मदद करता है। विलोम शब्दों का उपयोग विचारों और भावनाओं को स्पष्ट और परिभाषित करने में मदद करता है। इससे संवाद अधिक प्रभावी और समझने योग्य बनता है। विलोम शब्द रचनात्मक लेखन में महत्वपूर्ण भूमिका निभाते हैं। यह लेखकों को विचारों को प्रभावी ढंग से व्यक्त करने और पाठकों पर गहरा प्रभाव डालने में सहायता करता है।

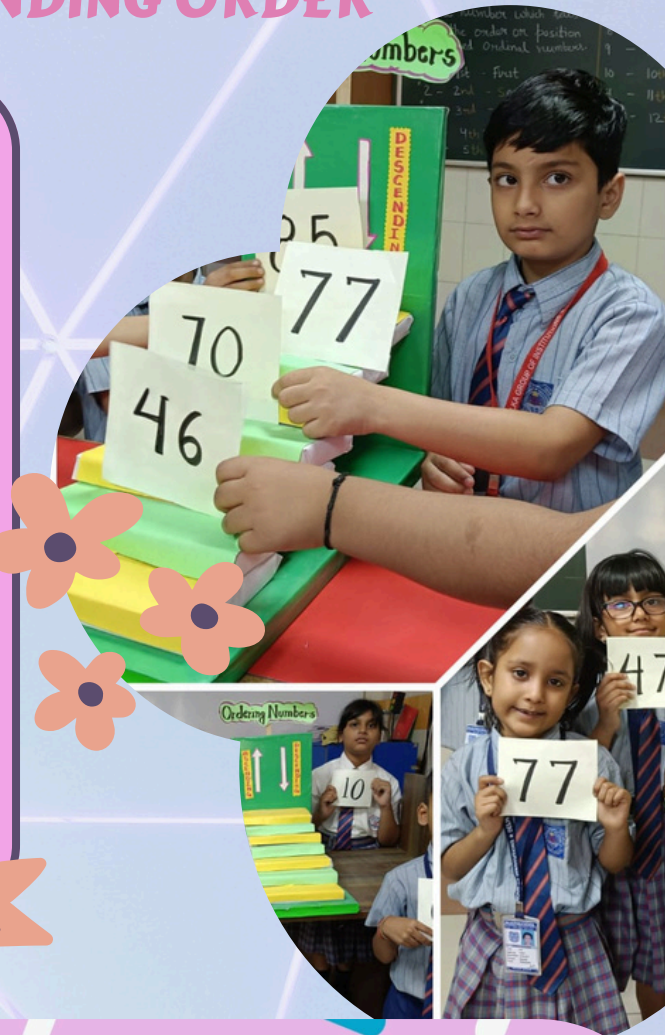

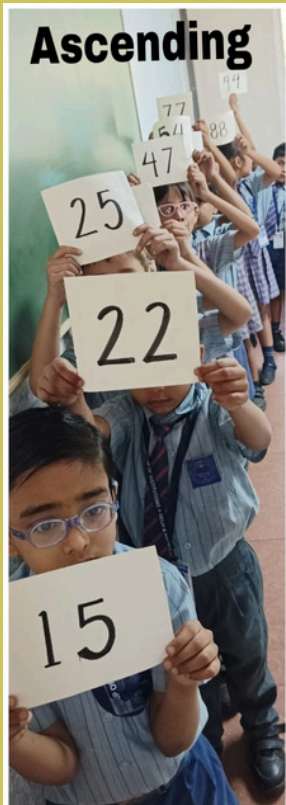

ASCENDING & DESCENDING ORDER

Just learning the numbers doesn't make the complete knowledge. Kids should also know the way to sort/arrange the numbers. To learn the different ways of sorting the numbers, students of class-II learnt the methods of arranging the numbers in ascending and descending order through stairs. Ascending order means arranging the numbers from smallest to biggest whereas descending order means arranging numbers from biggest to smallest.

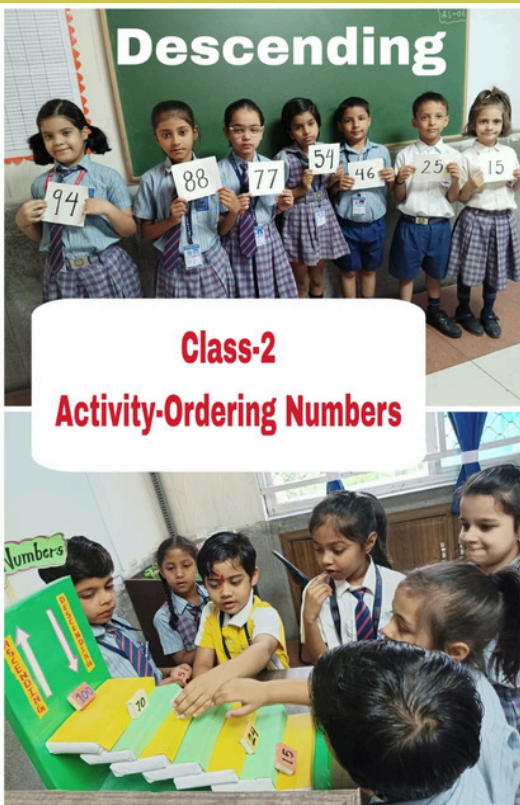

well done!

Descending

Class-2

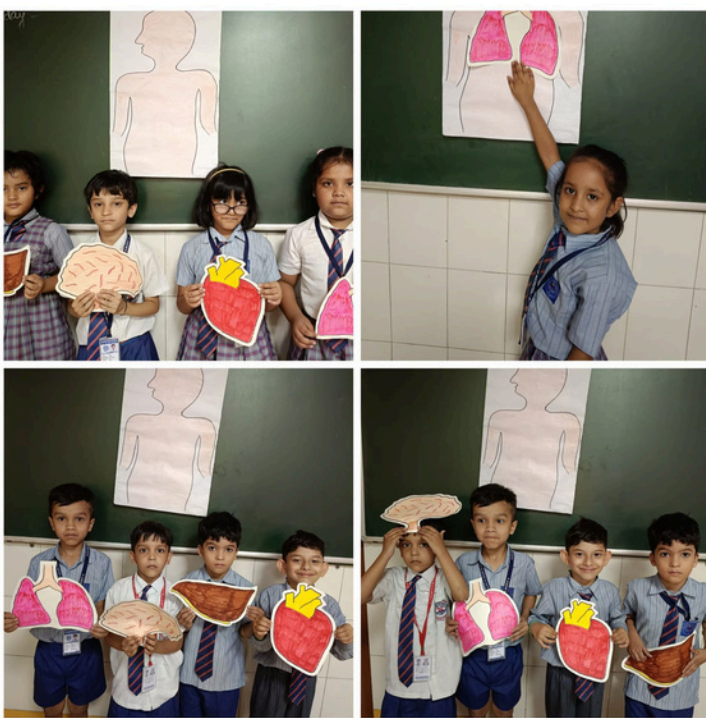

Activity-Ordering Numbers

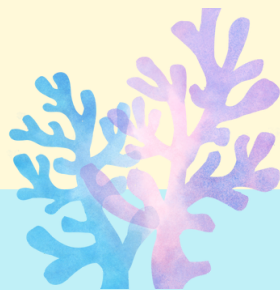

OUR BODY

Our human body is made up of cells that join together to become tissues and then organs. Organs are the body's recognizable structures that perform specific functions. Internal organs are that part of the body which are inside the body and cannot be seen. Students of class-II had an interesting activity wherein they recognised the various internal organs and put them at their designated place.

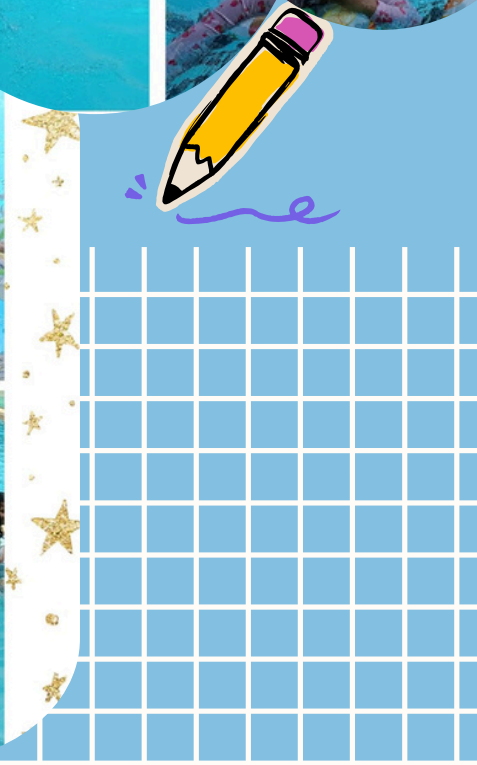

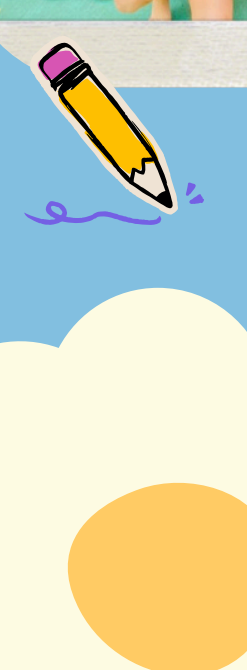

CO-SCHOLASTIC ACTIVITIES

SWIMMING TIME

Swimming 🏊 is a fun, relaxing activity that fuels brain health and builds strong bodies. It's great for growing children, since learning to move in the water improves coordination and flexibility. Let's have a glance how students of class 2 have fun during this hot

MOVIE TIME

The students of class 2 had their movie 🎬 time during summer camp. It was an amazing experience for all the kids.

Before movie time children made their own paper popcorn 🍿.

The little ones were filled with enthusiasm, excitement and curiosity. They clapped and cheered!!! ☀️ 🌂

CREATIVE HANDS

Art & Craft activity engages children's sense of touch, sight, and sound, and helps develop their fine motor skills and hand-eye coordination. Class-2 students enjoyed making cute smileys 😊 and paper umbrellas ☂️.

A day spent with full of learning, fun and entertainment.

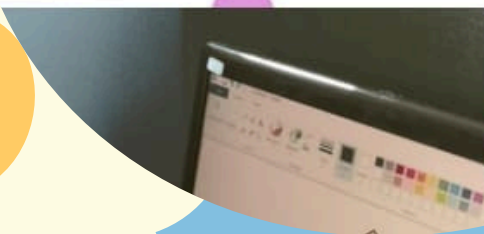

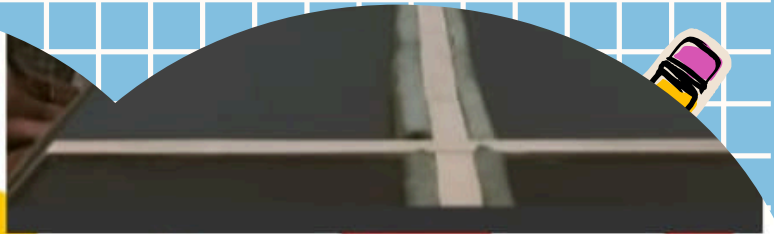

Let's Smile 😊

Class-2

LEARNING COMPUTER

Little minds are keen observers and learn from their surroundings instantly. To improve their learning skills, students of class II closely observed the computer lab. With their curious mind, they observed the laboratory area and told about the various parts of computer and their functions. Students could state the different parts of computer, observe how different parts of computer work and make our work easy.

THANK YOU
